

UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF MICHIGAN

Honorable Janet Neff

Case No. 18-755-cv-

District Court of Western Michigan
410 West Michigan Avenue
Room 107
Kalamazoo, MI 49007

November 1, 2018

Honorable Neff,

As previously stated via letter to the court, I, David Bates, never received an order stating that I was not allowed to represent myself. I would assume since this is a major order, and creates a large impact on this case, I would have been notified via phone conference or certified mail. I am not sure by which means I was supposed to have been notified of this order, but I can assure you I was not aware. I do not make it a habit of disobeying a court orders and will find the money, somehow, to get representation in this case if allowed. I have done nothing wrong to Game Room Guys and would like the court to hear my side. The letter I received, dated October 25, 2018, is the first correspondence I have received directly from the court. I will assume at this point the first notification was also by mail, but I am unsure if it was sent to the Plaintiff in error, or simply lost in our mail system since it did have to cross state lines. I would hate to see this case be determined unfairly due to critical communication never making its way to me. I hope you will consider extending this case to allow me to obtain representation and have this case fairly decided in court.

Sincerely,

David Bates
